

Lecture 14

Thursday March 12th 2026

Recap

- Quiz tomorrow scheduled with Bradley at 4pm
- Study guide is in elearn
- Study guide for the midterm is available as well
- Reviewed the study guide in class
 - For **Shortest Job First (SJF)** preemptive if there is a tie in Burst time then the newer process is given priority
- practice the scheduling algorithms for the quiz
- For priority scheduling it goes lowest priority to highest
- Round Robbin will not be on the quiz because of how long it takes to work through the example
